Elsa Perdrix

## Fields

### Overview

## Programming

Stata • SAS •  $\LaTeX$  • Package Office

GIT • R • Python

## Projects

**Retirement and healthcare consumption:** impact of the 1993 French pension reform on healthcare consumption.

**Retirement and mortality:** impact of later retirement on mortality, using the 1993 French pension reform as an instrumental variable.

**Substitution between formal and informal long term care:** impact of an exogenous change in formal long term care use on the informal long term care use.

**Dynamic of the disability process in ageing populations:** projection of the French population with disability and functional limitation.

## Research Experiences

- 2020 - **Post-doctoral position** Max Planck Institute for social law and social policy, MEA, Munich, Germany  
Fields: Retirement, caring responsibilities, elder's health
- 2015 (8 months) **Research Assistant** ISPED, Bordeaux, France  
Evaluation of care cost of ageing for elderly living in the community.  
Supervisor: Jérôme Wittwer
- 2014 - 2015 (6 months) **Research Assistant** Hospinomics, Paris, France  
Administrative support. Optimal payment schemes project. Supervisor: Lise Rochaix

## Scientific Responsibilities

- 2020 - **Scientific committee for** Colloque retraite & vieillissement CDC-IPP-UP1
- 2016-2020 **Participant to the ANR-15-MYBL-0001-01 under the call JP-demographics, project "Longlives"**. Paris 1 Panthéon-Sorbonne and Paris School of Economics, France
- 2019 **Organisation of Longlives Workshop** Paris School of Economics, Paris, France
- 2017 - 2018 **Referee**  
*Dialogue, Ageing & Society, Annals of Economics & Statistics*
- 2018 - 2020 **PhD representatives** Paris 1 Panthéon Sorbonne University, Doctoral school 465, France
- 2012 - 2015 **Students representatives** Ecole Normal Supérieure Paris-Saclay, France
- 2012 - 2013 **Organiser of Firm forum** Ecole Normal Supérieure Paris-Saclay, France

## Teaching

- 2017 - 2020 **Health Care System, Master** Nanterre University, Nanterre, France  
• Lectures on the French health care system and health policies  
• 18 hours/Semester
- 2017 - **Health Care System, Master** Ecole Polytechnique Féminine, Sceaux, France  
• Lectures on the French health care system and health policies  
• 21 hours/Semester
- 2016 - 2018 **Microeconomics, Bachelor** Dauphine University, Paris, France  
• Teaching Assistant. General and partial equilibrium, externalities, collective goods, monopoly, duopoly, differentiation strategies  
• Teacher Supervisor: Frank Bien & Sophie Meritet  
• 36 hours/Semester
- 2014 - 2015 **Modern Economy, Bachelor** Paris 1 Panthéon-Sorbonne University, France  
• Teaching Assistant. Lecture reminders and exercises associate to the modern economics lecture  
• Teacher Supervisor: Elisabeth Jolivet  
• 36 hours/Semester

## Publications and Work in Progress

- **L'effet de la retraite sur la santé: une méta-analyse.** (co-author: Clémentine Garrouste)  
2020, *médecines/sciences*, 36(12), <https://doi.org/10.1051/medsci/2020225>
- **Impact of Later Retirement on Mortality: Evidence from France** (co-authors: A. Bozio & C. Garrouste)  
Impact of delaying retirement on mortality between age 72 and 76. This paper uses the 1993 pension reform as an exogenous change in claiming age, using administrative data of the private pension scheme (Cnav). PSE Working paper n°2019-10 halshs-02019046. Accepted at *Health Economics*.
- **Does Later Retirement Change your Healthcare Consumption? Evidence from France**  
Impact of later retirement on healthcare expenditures. This work use the 1993 pension scheme as an instrumental variable, using administrative data from the national health insurance. PSE Working paper n°2020-46 halshs-02904339.
- **Does an increase in formal care affect informal care? Evidence from France** (co-author: Q. Roquebert)  
Impact of an exogenous change in formal care use on informal care consumption. This paper takes advantage of disparities in the price of formal care providers among department, using the french survey on health. PSE Working paper n°2019-60: halshs-02370689
- **Dynamic micro-simulation of elderly disability** (co-authors: M. Ben Jelloul, A. Bozio, A. Rain, L. Toulemon)  
Projection of elderly dependency population on a 5-scales dependency, using Europeans data on health and administrative data on population.
- **Is There a Consensus on the Health Consequences of Retirement? A Literature Review** (co-author: C. Garrouste)  
Literature review related to the causal impact of retirement on health.
- **Death by Suicide in France: Go beyond the National Trend** (co-author: F. Bonnet)  
Departmental analysis of death by suicide and spatial disparities in France from 1979.

## Communication

### Conferences

- July 2020 **European Health Economic Association conference (EUHEA)** Cancelled, Norway  
Does later retirement change your healthcare consumption?
- June 2020 **Journée de microéconomie appliquée (JMA)** Cancelled, France  
Does an increase in formal care affect informal care?  
Does later retirement change your healthcare consumption?
- Dec 2019 **Journée des économistes de la Santé Français (JESF) Conference**  
University of Poitiers, Poitiers, France  
Does an increase in formal care affect informal care?  
Does later retirement change your healthcare consumption?
- June 2019 **International Microsimulation Association (IMA) 7th world congress** Galway, Ireland  
Dynamic microsimulation of the elderly disability
- Apr 2019 **Third doctoral days of LIRAES** Paris Descartes University, Paris, France  
Does later retirement change your health care consumption? Evidence from France
- Jul 2018 **European Health Economics Association (EUHEA) Conference** Maastricht, the Netherlands  
Impact of later retirement on mortality: evidence from France
- Mar 2018 **Royal Economic Society (RES) Conference** Sussex University, Brighton, The United Kingdom  
Impact of later retirement on mortality: evidence from France
- Dec 2017 **Journée des économistes de la Santé Français (JESF) Conference**  
Aix-Marseille school of Economics & Aix-Marseille University, Marseille, France  
Impact of later retirement on mortality: evidence from France

### Seminars and workshop

- Oct 2020 **MEA seminar** MEA, Max Planck institute for social law and political social, Munich, Allemagne  
Does later retirement change your healthcare consumption?
- Oct 2019 **DIW Cluster seminar** DIW, Berlin, Germany  
Does later retirement change your health care consumption?
- Oct 2019 **BSE Micro workshop** BERA network, Berlin, Germany  
Does later retirement change your health care consumption?
- Sept 2019 **CARE Survey seminar** DREES, Paris, France  
What will my relatives do if I consume more formal care? Evidence of substitution between formal and informal care in France
- Nov 2018 **PSE WIP Seminar** Paris School of Economics, Paris, France  
What will my relatives do if I consume more formal care?
- Jul 2018 **RFAS Seminar** DREES, Paris, France  
Funding dependency through insurance in Europe
- Jun 2018 **MODAPA seminar** Paris School of Economics, Paris, France  
Departmental disparities of dependency allowance in France
- Jan 2018 **INED Seminar** INED, Paris, France  
Impact of later retirement on mortality: evidence from France
